PROFESSIONAL SUMMARY

- A proactive Computer Science Engineering student specializing in Data Science with hands-on experience in developing scalable software solutions. Proficient in Python, Java, solved 350+ coding challenges and delivering impactful projects.

EDUCATION

- Anurag University** Hyderabad, India
B.Tech in Computer Science Engineering (specialization in Data Science) - GPA: 7.98 Aug 2022 – May 2026
- Geetanjali Junior College** Hyderabad, India
Intermediate- MPC, Percentage: 85.5 Apr 2020-may 2022

CERTIFICATIONS

- AWS Certified Cloud Practitioner:** Amazon Web Services
- Cisco Cybersecurity Specialist:** Cisco

SKILLS

- Languages:** C/C++, Python, Java, JavaScript, TypeScript, SQL, R
- Frameworks/Libraries:** React, NumPy, Pandas, Flask, ASP.NET Core, Entity Framework Core
- Tools:** Git, GitHub, Docker, Helm, Kubernetes, CI/CD tools, Jupyter Notebook
- Databases:** MySQL, Azure Cosmos DB
- Other Skills:** Cloud Computing (AWS, Microsoft Azure), Machine Learning, Deep Learning

SOFT SKILLS

- Communication:** Effectively conveyed ideas across diverse teams, enhancing collaboration.
- Problem-Solving:** Resolved critical bugs, improving system performance by 25%.
- Leadership:** Led project teams to deliver high-quality results within tight deadlines.

EXPERIENCE

- Meta (Swecha Telangana)** India
Software Engineer Intern May 2024 – Jun 2024
 - Telugu Large Language Model (LLM):** Developed and optimized a Telugu LLM, improving accuracy by 15% and reducing API response time by 20%.
 - Data Preprocessing:** Prepared and fine-tuned datasets for accurate linguistic representation.
- Goldman Sachs** India
Software Engineering Virtual Intern Jul 2024
 - Password Security Analysis:** Identified outdated password hashing algorithms and reduced vulnerability by 30%.
 - Documentation:** Prepared a detailed memo summarizing findings and recommendations.
- Hewlett Packard Enterprise** Remote
Software Engineering Virtual Intern Aug 2024
 - Microservices Architecture:** Gained hands-on experience in developing microservices using modern technologies.
 - RESTful API Design:** Designed and implemented REST APIs to enable seamless communication.
- Wission Talks** India
Graphic Designing Intern May 2024 – Jul 2024
 - UI/UX Design:** Developed engaging visual content using Canva.

PROJECTS

- Student-Mentor Management System:** Designed features for mentor search, session scheduling, and profile management. Technologies: Java, Firebase, SQL, XML.
- Chatbot with NLP and SQL Integration:** Developed a chatbot using natural language processing to process queries and retrieve data from MySQL. Technologies: Python, MySQL, NLP libraries.
- Resume Uploader and Analyzer:** Web app to simplify resume submission and analysis, generating tailored interview questions. Technologies: Node.js, Express.js, HTML, CSS, JavaScript, Multer.
- Portfolio Website:** Created an animated and responsive personal portfolio. Technologies: Next.js, Tailwind CSS, Three.js.
- Tourism Management System:** Designed a system for managing tour bookings and customer data. Technologies: Java, MySQL.
- Diet Tracker API:** Created an API for tracking dietary habits with authentication and database integration. Technologies: Node.js, MongoDB, Express.js.

ACHIEVEMENTS

- CodeChef:** 4-Star
- LeetCode:** Ranked in the top 100%, solving 350+ problems.
